Lee el siguiente texto y responde las preguntas

Visit Torres del Paine

Torres del Paine National Park is located in the Magallanes Region, in southern Chile. It was declared a UNESCO Biosphere Reserve in 1978. The park is famous for its granite towers, glaciers and turquoise lakes.

Thousands of hikers arrive every year to complete the "W" trek, a route that usually takes four to five days. The best time to visit is between October and April, when the weather is milder. Visitors must book their campsites in advance, and fires are strictly forbidden outside designated areas.

Preguntas

1. (Scanning) In which year was the park declared a Biosphere Reserve?
